

IN THE SPECIFICATION

Please amend the paragraph on page 4, beginning at line 29 as follows:

Figure 6 is a perspective view of the sleeve used in the configuration of Figure 4; and

Please amend the paragraph on page 4, beginning at line 31 as follows:

Figure 7 is a perspective view of a variation of the sleeve of Figure 6[.].
and

Please add the following new paragraph on page 4 after line 32:

Figure 8 is a perspective view of a section of tubular pipe marked for placement of a bracket.

Please amend the paragraph beginning at page 6, line 36 and bridging pages 6 and 7 as follows:

To fix the position of the sleeve 7 in the longitudinal direction of the coolant pipe 2 also, two depressions ~~(not shown)~~, as shown in Figure 8, whereof the width in each case corresponds to the width of one brace 8 and whereof the distance from one another corresponds to the distance of the braces 8 from one another, are pressed into the latter preferably on their side averted from the base plate 1. These two depressions can serve as reference for placing the sleeve 7.
